

My Collection

I've got a lot of things from my past, like toys and jewellery.

My favourite thing is a coin of the "virgin of the rosario". This coin was a present from my friend Olga. I've had it for seven years and it's very special to me.

Another thing very important to me is a necklace.

I love jewellery, such as bracelets and earrings.

My grandmother gave me this when I was nine years old.

I also have an album. This album was a present from my friends. The album has got lots of photos and drawings. I've had it for 2 years and it's very special to me because it reminds me of them.

I've got a lot of things from my past, I like CDs and manga comics. My favourite thing is a Paramore concert ticket. My friend Angie gave me it when she went to the concert. She likes Paramore a lot and me too. I've had it for 14 months and it's very special to me because it is a present from Angie and it is a beautiful detail.

Another thing I keep is my mini-guitars collection. I love music and guitars, and because of that I love collecting my mini-guitars, such as Fender stratocasters and Johnson. When I was 10 years old I saw a mini-guitar when I was in a small shop in Belgium. Now I have seven mini-guitars.

I've got an old mini-key, it's black and has a small chain. I got it when I had my first girl friend, she gave me it for my birthday, 1 year and 4 months ago.

WRITING! :)

- My favourite thing that I save on my chest of drawers is my first swimming cup. I won it when I was 5 years old. I got it in the summer in Germany in a competition.
- Another thing that I keep but I don't know where, is my skateboard. My parents gave me the skateboard when I was a child of 12 years old. Because I was very good. I think the skate is under the bed. It isn't good for Feng-Shui.
- I also keep my Germany's football scarf. I've got a lot of things from my past when I see my scarf. Because I know when my grandad gave me it for a game against France. It's very special to me because it is my coolest memory.
