

# My loves and Hates

I love a lot of things. I like rock music and hip hop / rap. I also love playing video games and graphic designs, but it is frustrating. And I love watching football games.

As ✓ for hates, I've got plenty of them. I hate **it** when things don't work, I hate when people smile or put on a smiley face when they've said something like "you're granded" or when they say stuff sarcastically, I also hate **it** when people **look down on** ~~look down~~ their nose at you, it gives me the impression that they think they're better than you.

I hate homework with a passion, especially the homework that isn't useful for learning, because you already know what to do. It drives me mad!
