

My story

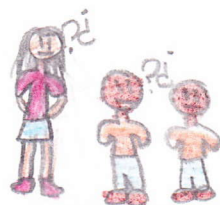

One day, two years ago, I had a strange experience.

I was with my cousins, Alejandro and Ignacio, in
my house when we heard a strange noise, we
went out and looked at it.

When we went out, we saw strange small people
in the street. In the end, we went near and
we saw children shouting.

My cousins and me, told my parents and his
parents and they said that it was crazy!
