Hi, I'm Rosario and I'm 14 years old, and I didn't use to live in London, Scotland or Australia, I say this because some people think that I'm from those countries just only because I'm blond and because I have blue eyes, but soon I'm going to go to London on a trip. I used to wear blue glasses, and everything blue, because blue is for intelligent people!

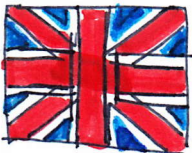

I used to love playing "hide and seek" but now I prefer playing basketball. I used to watch cartoons and I still like watching it, and I draw it, like Jelly Jamm, created in Spain; one day I decided to show my drawing to the company: VDK, they were really happy, because they like my drawings and me too. I love painting everything ~~in~~ everywhere <sup>at any</sup> in every time, some people used to say that I'm a really good artist, but I know that I'm not the best, so that's why I'm "working" hard.

I didn't use to have a double personality, but now... If you look at someone of my drawings, maybe you can understand it. I hate all the people who don't understand my effort or who call me "Chari", I'm not so old to call me Chari, but after all I'm a good person.

If you remember me, please contact me!

Hello, I'm 15 years old, I'm from Germany. I like sport and good music very much. I usually go running in the afternoon for 1 hour. I also swim in the summer. I Relax playing psp, but sometimes I get stressed with that. I like painting too.

I like going to the forest with my family to a wonderful place. I don't like living in Osona, this town hasn't got a thing for entertainment.

My abilities are sports: Running, basketball, swimming and cycling; There are my favourite sports.

I usually do the same from Monday to Friday. And it is, going to school. :[

I have lived a lot of different experiences, and I'm almost never bored. I've gone through sad situations but, when I can, I try to be happy

I'm going to do the INCF because I will be a personal coach.
