

# TOMORROWLAND

If you like house music or something like that, I suggest you have to go to Belgium to the best music festival that you would ever go called "Tomorrowland!!".

Every year, a lot of DJs create a lot of songs and then they mix them and make a concert that last for days, and that concert is called "Tomorrowland!!". When you arrive to Belgium, you can choose two things to do there. One of them, the most expensive one, is that you can pay and go to a great hotel where you can do different activities, and when festival is going to start, you can go when you want to the place and enjoy the party!

The other possibility, is the cheapest, but you won't have as many luxuries as the other one. However, you also can be free and go to the festival. But you must think, that you will have to sleep in a tent near the festival, so when you want to sleep, you will listen to the music, and that's a big problem. Think of the best option for you, don't forget that the most important thing is the music, the greatest DJs, the parties... You will have a great time for sure!

In conclusion, if you want to have a really good time with your friends, you must go to "Tomorrowland!!", I promise you that you won't regret!

# A FESTIVAL

Every year at the end of the school year, we have a music festival at school where I was when I was young. I love going because that brings me many memories and I can also see my old friends and some teachers of my childhood.

At the festival, all students prepare actions and then they perform. Some classes do dances, other theaters and the youngest create poetry and dance too. These are the most desired by the public because they are the funniest.

The festival begins at 8 pm and ends at dawn. When all actions have ended, some people put a food stand and people can eat there. 4 years ago, when I was in that school, my friends and I had to present the festival. I was very nervous because there were a lot of people and my friend told me to calm down because everything would be fine.

At the end of the festival, there is a group that sing and we can dance and have a good time there.

In my opinion, I love going there because it brings back many memories and because I have a great time, and I'm with my old friends that I miss that!

# Festival

Every summer, there is a music festival called Tomorrowland in Belgium. Now, it is the best music festival in the world. It is like a little town with theme parks and hotels.

In Tomorrowland there are parties in the morning and at night, parties all day. Only the best DJ's go there. There are so many people every year but some people die because of alcohol or another things. You must be careful! You can dance, sing, meet friends, all you want.

Finally, I can say that Tomorrowland is the dream of every youngster. Some people think that it's very boring because they don't like the style of music (techno), but others would like to go in the future because you must be eighteen years old. This is my dream too, I'm saving money and one day I will go.

## Write about a festival.

Every summer, there's a music festival here, in Osona. It's the Radiolé Music Festival. I go to the festival every year, but the best one was in 2011.

I didn't want to go that year, but my friends convinced me. Tickets were free, so we went together.

When we were inside the "Bullring" (the place where the festival took place) we met a lot of people that we knew, we were with two boys. They announced us that they had to go, so we stayed there for one more hour.

There were many famous singers, like "El Tren de los Suenos" or "Bata-lia y Moka", we sang all their songs and we danced too. Finally, we went home at 12.00 o'clock, at midnight.

I liked the festival a lot because it was the first time that I went with my friends, and it was great!

# Music Festival

One of my dreams is to go to a very famous festival called Tomorrowland.  
Do you know it?

This is a music festival. The type of music is house and electro, too many DJ's go to the festival every year. There are well known DJ's such as David Guetta, Avicii, Afrojack...

When I visit the festival, I want to go to the underground nightclubs and listen to Avicii's songs. It will be amazing.

I think it's the best festival in the world, but it's a bit far because it's in Belgium but this is not a problem for me, I will go.

A lot of people all over the world the same as me. They said that Tomorrowland was like a dream and they didn't want to wake from that beautiful and amazing dream.

### A festival

Last year, there was a "mangafest" in Seville and it was perfect! A "mangafest" is a festival about Otaku's culture.

It was really nice because there were shops with teddies, T-shirts, sculptures, mangas, CD's, videogames..., and there were food stands of ramen (ramen is a japonesse food) pizza, chocolate, candies...

The mangafest was divided into the market (with shops with clothes, books...), the lunch place (with picnic tables and food stands), the "gameplay" place (with a lot of videogames to play and arcade machines to play there) and the show. In the show you could see people dancing and singing.

In this festival, the people used to go with a "cosplay" (a cosplay is a costume about a character) and the people took a photo with them.

In the end, some people fight in a war with swords and it is very funny.

# My Festival

Type of festival	festival "romera"
Events at the festival	singing and dancing and a trade fair
The things you did or wanted to do there	I saw the songs and dances.
Your opinion of the festival	for me, it is a good festival

Every year, in April, in La Campana there is a festival "romera". In honor to mistress lady Fatima.

In this festival there are two principal events, singing and dancing and a trade fair. Dances are performed by the academy of dance of La Campana, and most of the money collected in the fair, is given for charity.

I like this festival because this is related to the "romeria" of La Campana, it is celebrated in the estates of our bulls.

## Unit 7: Today's English

Every summer there is an art festival in my town. This year I will present a picture to the art festival. There are competitions. My friends say that I won't enter the competition and I won't win the medal. I agree with my friends, I'm a terrible painter. I can't wait for the festival.

The festival in my town is "The Pilgrimage". It's celebrated the last Sunday in April.

This festival is celebrated with carriages and many people with horses or you can also walk. It's one beautiful day in the country, with horses and your friends. This festival starts at 6:00 o'clock in the morning. I love this festival, because it is in the country with your friends and horses.

In conclusion I like this festival, because it is beautiful and it's celebrated in the country.
